

This annual management report of fund performance contains financial highlights but does not contain the complete annual financial statements of the investment fund. You can get a copy of the annual financial statements at your request, and at no cost, by calling toll free: 1.877.539.5743 by writing to us at 350, 440-2nd Avenue SW, Calgary AB T2P 5E9 or by visiting our website at www.matcofinancialinc.com or SEDAR at www.sedar.com.

Securityholders may also contact us using one of these methods to request a copy of the investment fund's proxy voting policies and procedures, proxy voting disclosure record, or quarterly portfolio disclosure.

MANAGEMENT DISCUSSION OF FUND PERFORMANCE

This annual management report of fund performance presents management's view of the significant factors and developments during the year that have affected the fund's performance and outlook. In this report, "Matco" refers to Matco Financial Inc., the Manager of the Fund.

Investment Objective and Strategies

The objective of the Matco Fixed Income Fund (the "Fund") is to provide an optimal level of income with some potential for capital appreciation while preserving capital by investing primarily in Canadian dollar-denominated investment grade debt instruments. These securities will consist of bonds and debentures and may also include real return bonds, mortgage-backed securities and asset-backed securities. The debt obligations will be issued or guaranteed by, Canadian federal, provincial or municipal governments, Canadian chartered banks, Canadian loan or trust companies or Canadian corporations.

Within the context of optimal income, the Fund may also invest in income generating common and preferred equities, as well as foreign currency denominated fixed income instruments from Canadian or foreign issuers.

To balance current income and long-term capital appreciation, the Fund may invest in Canadian dividend-paying equities and investment grade fixed income assets. The portfolio is diversified across market capitalization, asset classes, sectors and geographic regions. This "one-stop" Fund offers diversified sources of ongoing income, preserves capital based on an institutional investment risk management process and provides lower volatility performance.

Risk

The overall and specific risks of investing in the Fund are as described in the Fund's Simplified Prospectus dated June 11, 2021. There were no material changes to the Fund during the period that affected the overall level of risk associated with an investment in the Fund. The risk rating of the Fund is low.

Results of Operations

The Fund's net assets decreased to \$97.5 million at December 31, 2021 from \$112.3 million at December 31, 2020. Total investment loss for the year ended December 31, 2021 was \$2.5 million, prior to other income and operating expenses, down from \$10.5 million for the year ended December 31, 2020.

The Matco Fixed Income Fund rebalanced its holdings closer to our target weights, while also increasing our weighting in a Canada Housing Trust bond.

The Fund was also active in adding preferred share holdings. The preferred share holdings are structured in staggered terms, laddered with reset dates from 2023 to 2025. These preferred share holdings are designed to protect the fund from rising 5-year interest rates while generating income in the meantime.

The goal for these portfolio adjustments is to maintain a lower interest rate sensitivity to protect from rising interest rates while maintaining a healthy 2.5% yield within the Matco Fixed Income Fund.

Recent Developments

With inflation on the rise in both Canada and the U.S., the Bank of Canada and the U.S. Federal Reserve have communicated that they will be increasing their overnight interest rates sooner than previously anticipated.

The outlook for economic growth is also important for the Matco Fixed Income Fund. If growth remains strong, corporate bonds will continue to perform well. If growth falters, corporate credit spreads can widen which may hurt their performance.

The outlook for 2022 is for continued growth, albeit at a slower pace than 2021. This should allow corporate bonds to remain stable through 2021. However, due to the slower economic growth profile, we have reduced our corporate bond weighting from 45.5% at the beginning of 2021, to 34.7% currently. The fund also has a strong income profile of 2.5%. As the outlook for fixed income performance remains modest, maintaining a healthy level of income will remain a key focus throughout 2022.

The COVID-19 virus continues to have ongoing impacts on the markets in which the Funds operate. Sectors in several countries most heavily impacted by COVID-19 since its outset continue to operate below pre-pandemic levels giving rise to elevated uncertainties. The Funds have utilized estimates, assumptions and judgments that reflect this uncertainty. Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to estimates are recognised prospectively.

On February 24, 2022, Russia launched a military campaign in Ukraine. Economic sanctions have been imposed and the situation remains fluid. The Fund does not have any significant direct exposure to Russian securities. Given the impact the situation is having on economies and markets, there are potential direct and indirect effects on the value of the investments in our portfolios, and we will continue to monitor the situation.

Related Party Transactions

Management Fees

Matco provides the Fund with investment management services, including managing the investment portfolio, providing investment analysis and recommendations, making investment decisions, making brokerage arrangements for the purchase and sale of the investment portfolio and providing other services. In return, Matco receives a management fee based on the net assets of the Fund, calculated on a daily basis.

For the year ended December 31, 2021, the Fund incurred management fees payable to Matco of \$12,448 (year ended December 31, 2020 - \$13,335). Matco, at its discretion, absorbed \$625 (year ended December 31, 2020 - \$6,566) of expenses for the year ended December 31, 2021. There is no obligation nor guarantee that the Manager will continue to absorb expenses in future periods.

Investment Review Committee

An Investment Review Committee ("IRC") has been established by the Manager in accordance with National Instrument 81-107 *Independent Review Committee for Investment Funds* ("NI 81-107"). The IRC must review and approve conflict of interest matters as referred by the Manager. The Fund did not refer any related party transactions or conflict of interest matters to the IRC during the years ended December 31, 2021 or 2020.

FINANCIAL HIGHLIGHTS

The following tables show selected key financial information about the Fund and are intended to help you understand the Fund's financial performance over the past five years.

- (1) This information is derived from the Fund's audited annual financial statements. Per unit amounts are for the periods for increases (decreases) and points in time for distributions, as applicable, and are not intended to be a reconciliation of opening and closing net assets.
- (2) Net assets and distributions are based on the actual number of units outstanding at the relevant time. The increase (decrease) from operations is based on the weighted average number of units outstanding over the financial period.
- (3) Distributions were paid in cash/reinvested in additional units of the Fund, or both.
- (4) The information is prepared in accordance with IFRS which uses the last trade price for investments that are traded in an active market where quoted prices are readily and regularly available. For investments that are not traded in an active market, the Fund uses valuation techniques that maximize the use of relevant observable inputs and minimize the use of unobservable inputs.
- (5) This information is provided as at and for the year shown, as applicable, except Series N for 2018 which are from inception February 6, 2018 through December 31, 2018 and Series A for 2021 which are from January 1 through December 1, 2021.
- (6) Management expense ratio is based on total expenses for the stated period and is expressed as an annualized percentage of daily average net asset value during the year/period.
- (7) The Fund's portfolio turnover rate indicates how actively the Fund's portfolio advisor manages its portfolio investments. A portfolio turnover rate of 100% is equivalent to the Fund buying and selling all of the securities in its portfolio once in the course of the period. The higher a fund's portfolio turnover rate in a period, the greater the trading costs payable by the fund in the period, and the greater the chance of an investor receiving taxable capital gains in the period. There is not necessarily a relationship between a high turnover rate and the performance of a fund.
- (8) The trading expense ratio represents total commissions and other portfolio transaction costs expressed as an annualized percentage of daily average net assets during the year/period.

Management Fees

The annual management fee rates, exclusive of sales taxes, are 1.20%, 0.70% and 0.35% for Series A, F and N respectively. No management fees are charged directly to Series O.

During the year ended December 31, 2021, management fees totaled \$12,448 (year ended December 31, 2020 - \$13,335). Included in liabilities at December 31, 2021 is \$982 (December 31, 2020 - \$1,101) in respect of these fees.

All management fees paid by Series F and N were applied to cover portfolio management and other services provided to the Fund by the Manager. No such fees were used to pay for external portfolio advisory fees, trailing or other sales commissions. Of management fees paid on Series A, 41.67% were used to pay for trailing and other dealer sales commissions, the remaining 58.33% covered portfolio management and other services provided to the Fund by the Manager.

PAST PERFORMANCE

This section shows how the Fund has performed in the past. The performance information shown assumes that all distributions made by the investment fund in the periods shown were reinvested in additional securities of the Fund. The performance information does not take into account: sales, redemption, and distribution or other optional charges, that would have reduced returns or performance. The past performance of the Fund is not necessarily an indication of how it will perform in the future.

Year-By-Year Returns

The bar charts that follow show the performance of each series of the Fund for the five most recently completed financial years. The charts show, in percentage terms, how an investment made on January 1 would have increased or decreased by December 31st of the fiscal year (except as noted below).

The rate of return for 2017 is from inception September 20, 2017.

*Series N returns for 2018 is from inception February 6, 2018 to December 31, 2018 and for 2019 is from January 1, 2019 through liquidation December 26, 2019.

**Series A returns for 2021 is from January 1, 2021 through liquidation December 1, 2021.

Annual Compound Returns

	Series A**	Series F	Series N*	Series O	Benchmark***
1 Year*	(4.2%)	(3.1%)	-	(2.4%)	(2.7%)
3 Years*	2.2%	2.9%	-	3.7%	4.1%
Since Inception*	-	2.5%	-	3.3%	3.7%
Since Inception*	-	-	3.4%	-	5.4%
Since Inception**	2.3%	-	-	-	3.5%

*Since inception returns for Series F, and Series O are from September 20, 2017.

* Since inception returns for Series N are from February 6, 2018 to December 26, 2019.

** Since inception returns for Series A are from September 20, 2017 to December 1, 2021.

*** The Benchmark is iShares Core Canadian Universe Bond Index ETF. Based on Matco's private client investor base, who often look at ETFs as a substitute for active investment solutions, the ETF better fulfills the investable portion of the benchmark suitability criteria. Matco has chosen to be consistent across all mandates by benchmarking against ETFs for this reason.

A NOTE ON FORWARD LOOKING STATEMENTS

This report may contain forward-looking statements about the Fund, including its strategy, expected performance and condition. Forward-looking statements include statements that are predictive in nature, that depend upon or refer to future events or conditions, or that include words such as "expects", "anticipates", "intends", "plans", "believes", "estimates" or negative versions thereof and similar expressions. In addition, any statement that may be made concerning future performance, strategies or prospects, and possible future Fund action, is also a forward-looking statement. Forward looking statements are based on current expectations and projections about future events and are inherently subject to, among other things, risks, uncertainties and assumptions about the Fund and economic factors.

Forward-looking statements are not guarantees of future performance, and actual events and results could differ materially from those expressed or implied in any forward-looking statements made by the Fund. Any number of important factors could contribute to these digressions, including, but not limited to, general economic, political and market factors in North America and internationally, interest and foreign exchange rates, global equity and capital markets, business competition, technological change, changes in government regulations, unexpected judicial or regulatory proceedings, and catastrophic events.

We stress that the above-mentioned list of important factors is not exhaustive. We encourage you to consider these and other factors carefully before making any investment decisions and we urge you to avoid placing undue reliance on forward-looking statements. Further, you should be aware of the fact that the Fund has no specific intention of updating any forward-looking statements whether as a result of new information, future events or otherwise, prior to the release of the next Management Report of Fund Performance.
