\*iShares Core Canadian Universe Bond Index  
Source: 2019 Morningstar, CPMS\*

iShares Core Canadian Universe Bond Index used as a proxy for the FTSE TMX Canada Universe Bond Index. Performance returns for the Matco Mutual Funds are calculated by Matco Financial Inc. These returns are calculated and reported in Canadian dollars and are historical simple returns for the 3 month, YTD and 1 year periods and annualized compounded total returns for periods after 1 year. They include changes in unit value and reinvestment of all distributions and do not take into account sales, redemption, distribution or optional charges or income taxes payable by any security holder that would have reduced returns. Matco Fund returns are calculated after management fees and operating expenses have been deducted. In comparison, the index returns do not incur management fees or operating expenses. Index returns are supplied by a third party. We believe the data to be accurate, however, we cannot guarantee its accuracy. Commissions, trailing commissions, management fees and expenses all may be associated with mutual fund investments. Please read the Fund Facts and Prospectus before investing. Mutual funds are not guaranteed, their values change frequently, and past performance is not indicative of future performance. Matco Funds are not available for purchase in Quebec or Newfoundland & Labrador.
